Group Project Allocation AY 26-27

Staff form the project teams for the group project. We use your answers for three things. First, we spread skills and disciplinary backgrounds across teams. Second, every team shares at least 2 free time blocks outside class. Third, we avoid teams in which one person is the only woman or the only man. Your answers are visible to the module staff only. They are not used for marking, and we delete them once the teams are final. The gender question is optional. If anything else should be taken into account, for example a disability or caring responsibilities, email the module convenor privately. The form closes XXXX.

Reusable template: open in Microsoft Forms and choose Duplicate it. Replace XXXX with the closing date.

* Required

1. Name and Email *

Enter your answer

2. Which discipline is your previous degree in? *

Choose one answer.

- ○ Psychology / cognitive science
- ○ Computer science / engineering
- ○ Design / architecture / arts
